

**COLOR ME!** Use colored pencil or crayons for best results. Markers are not recommended.

**DID YOU KNOW**

Cats have a natural dislike of sweet tasting foods because they are so well evolved as carnivores that they cannot digest sugars very well.

Because cats have such powerful hind legs and a flexible spine, they can jump as much as six times their own body length. Their flexible spine also helps them "always" land on their feet aided by a balancing organ in their inner ears.

The Greyhound is the fastest dog in the world and the 18th fastest land mammal.

The first living creatures to return from space were the dogs Belka and Strelka.

Despite its large size and heavy coat, the Newfoundland is able to swim exceptionally well because of the breed's well adapted web feet.
