DID YOU KNOW

CAT FACTS

Whiskers are used to assess the dimensions of spaces in the dark. They also supply the cat with added information when prey is caught and too close to look at.

DOG FACTS

Obedience training requires time and patience. It can be done to solve common behavioral issues or taken further - training dogs for the blind, law enforcement or search and rescue, are some examples.

HORSE FACTS

The skeleton of the horse is linked to the horse's performance, well-being and appearance. It supports the body, maintains body shape, allows for movement and provides points for attachment of muscle and tendons. It is the framework around which the horse is built.
