

DID YOU KNOW?

CAT FACTS

The molar teeth of cats, known as carnassials, have become specialized for eating meat. They shear flesh like a pair of scissors as the cat uses the side of its mouth.

DOG FACTS

Trained Bloodhounds are not easily diverted from the trail and try their utmost to regain a lost trail, even taking up the scent after crossing water.

HORSE FACTS

In Britain, the stagecoaches of the 16th century were the first form of public transportation. They were usually pulled by a team of four horses and traveled along set routes to a scheduled time table.
